

CAPSTONE SELECTION PROPOSAL

In your grade 12 year, you are required to complete Life Connections & Capstone 12, a 4 credit course that is required for graduation.

Throughout this course, you will be completing a Capstone project – a culminating project which will demonstrate your learning and growth in an area of interest or passion.

During course planning, you will be required to choose one of the ‘strands’ of the Capstone course. Ideally, this ‘strand’ aligns with an area of passion or interest that you have. **In order to give the Capstone coordinators an idea of the type of project you might be interested in completing, please briefly describe (on the back of the page) possible project ideas and how they link to your area of passion or interest.**

****All Life Connections/Capstone teachers are prepared to work with students on any 'passion project'. Teachers have not yet been assigned to this program, but all those involved are highly relational and eager to help students to find success with the completion of this course.****

NAME (legal first and last): _____

**** If you use a different name than your legal name, please indicate here:** _____

STUDENT NUMBER (WGSS number): _____ CELL NUMBER: _____

EMAIL ADDRESS: _____

Please CIRCLE which of the “strands” you selected to pursue on your course selection sheet:

**** Note: All strands will be taught in FLEX, with the exception of the GENERAL strand that will be run in the timetable.****
